

REMARKS

By the present amendment, claim 64 has been canceled. Claims 1-63 remain pending in the present application. Claims 1 and 63 are independent claims. Applicants request reconsideration and allowance in view of the foregoing amendments and the following remarks.

Drawings

1. The drawings are objected to because figure legends are allegedly required for every element of Figs. 1-7, 9, 10 and 13-17. Applicants have amended Figs. 1-17 by adding legends to clarify the drawings, deleting the PCT headings (e.g. 1/15, 2/15,..., 15/15), and, to the best of the knowledge of the undersigned, including no new matter.

Rejection under 35 U.S.C. § 102(b)

2. Claim 64 is rejected under 35 U.S.C. § 102(b) as allegedly being anticipated by Ashi (U.S. Patent No. 5,634,097). The cancellation of claim 64 renders this rejection moot.

Allowable Subject Matter

3. Applicants note with appreciation the indication by the Office that claims 1-63 are allowed.

Conclusion

4. All of the stated grounds of rejection have been properly traversed. Applicant therefore respectfully requests that the Examiner reconsider all presently outstanding rejections

and that they be withdrawn. Applicant believes that a full and complete reply has been made to the outstanding Office Action and, as such, the present application is in condition for allowance. If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is hereby invited to telephone the undersigned at the number provided.

Prompt and favorable consideration of this Amendment is respectfully requested.

Amendments to the Drawings:

The attached sheets of drawings include changes to Figs. 1 through 17. The changes to Figs. 1 through 17 add figure legends and delete the PCT headings (e.g. 1/15, 2/15,..., 15/15). The formal drawings for Figs. 1-17 on the replacement drawing sheets submitted herewith replace the originally filed drawings and, to the best of the knowledge of the undersigned, the submitted formal drawings include no new matter.
